DESIGN INNOVATION IN
HEALTHCARE FLOORING

HEALTHCARE SECTOR

Amtico collaborates with Architects and Designers to create workable, durable flooring designs that perform over time, for specialist environments.

Every healthcare space demands high performance and easy maintenance of its floors. Amtico's product collections look attractive and also deliver these critical requirements for hospitals, clinics, dental offices and residential homes. Flooring design is made simple through the proven expert knowledge and support of Amtico's local representatives.

SIGNATURE

Our flagship collection of 188 products, offers the flexibility to create bespoke designs, or cut and combine tiles in an infinite numbers of ways.

With a thicker 1,0 mm wear layer, these products offer longevity and are suitable for high traffic areas in hospitality and leisure, retail, office, education, healthcare, commercial housing, government buildings and commercial spaces.

72 WOODS, 62 STONES, 54 ABSTRACTS

SPACIA

This collection of 96 products offers a practical design solution for commercial projects in retail as well as office, education, healthcare, hospitality and leisure, commercial housing and government sectors.

Manufactured in the UK, in a durable 0,55 mm wear layer, these products can be combined in effective ways to create striking floor designs.

43 WOODS, 30 STONES, 23 ABSTRACTS
